<p style="text-align: center;"><b>About Yourself</b></p>	<p>Currently, I am working at <b>the Institute of Business Studies &amp; Research (IBSAR)</b> as a <b>Finance faculty</b>.</p> <p>With a strong background of 9 years in Finance specialization I enjoy igniting a love for finance in students and equipping them with the knowledge and skills they need to succeed in their careers.</p> <p>Being said that, I had arranged various workshop and seminar apart from syllabus so that students gain a strong understanding of how finance concepts apply in the real world which will help them in getting edge in the market. During my tenure, I even got various opportunities to create an engaging and interactive learning environment where students are encouraged to ask questions, participate in discussions, and apply their knowledge to real-world scenarios which is done by incorporating practical examples and case studies.</p> <p>Along with my role, I strongly desire to contribute meaningfully to the academic community by actively engaging in innovative teaching methods.</p>
